

FOR MAYOR

DON KENDRICK

Age: 66

Occupation: Business Owner/Incumbent

Re-Elect La Verne Mayor Don Kendrick.

Our La Verne Community is fortunate to enjoy a high Quality of Life, including safety, stability, with high ethical standards, making us one of the best-run cities in the State. This has become a La Verne tradition: residents expect excellence from their leadership, and expertise from the City staff.

These high expectations are continuing to be a challenge, especially in light of our economic climate. We are beginning to see a slight increase in revenue, decreasing the need for mandatory budget cuts. Positioning ourselves to maximize our revenue for resident services is a huge priority. These challenges highlight the need for a team of leaders who are proven to be dedicated, experienced, and competent. As your Mayor I've been honored to serve you, and lead this team in service to our Community.

I was born and raised in La Verne, and have 40 years of business experience, along with numerous leadership positions in our Community. I have the proven experience of balancing tough decisions with the consideration of what these decisions mean to our City and our residents.

I request your vote to Re-Elect La Verne Mayor Don Kendrick.

FOR MEMBER OF THE CITY COUNCIL

GILBERT F. IVEY

Age: 62

Occupation: Water Industry Executive

I love La Verne and I am determined it continues to be a safe, secure and vibrant town for our Seniors and our children. I am just as determined we keep a balance between the needs of our hard-working residents, business owners, civic and religious leaders, and the University.

I will make sure we support a base of value shopping opportunities for our Seniors while aggressively seeking enhanced and new medium and high-end shopping, dining, and entertainment experiences for all of our residents. We can no longer allow businesses in surrounding cities to drain our dollars away that we need to hold down taxes and pay for infrastructure repairs and upgrades, water supply and conservation programs as a result of the extreme drought, and parking, traffic and transportation solutions including extending the Gold Line to La Verne.

My wife, sons, grandsons, daughter-in-law and 91-year old mother-in-law have all called La Verne our home for over 20 years.

I am blessed with an over 43-year water industry career including executive management serving nearly 19 million residents stretching from Ventura to the Mexican border. I know how to find consensus and take action locally, statewide, and nationally.
