

CONSERVATION CORNER

Pomona Household Hazardous Waste Events

Please gather your hazardous waste (pesticides, old batteries, used automotive fluids, used cleaning products, etc.) and electronic waste products (computers, old televisions, and broken cell phones) for a FREE collection event. Pomona Fairplex, 2118 N. White Ave. (enter through Gate 9) on Saturday, 6/23/18 from 9am-3pm. All L.A. County residents are welcome to participate. If you can't make this event, the entire schedule and more details are posted at www.888cleanla.com.

Diamond Bar Beginner Smart Gardening Workshop

LA County is offering a Beginner Gardening Workshop to teach students about water wise gardening, composting, and grasscycling. The workshop is on Saturday, 6/23/2018 from 1:00pm-2:30pm at Diamond Bar Center, Sycamore Room 1600 Grand Ave, Diamond Bar, CA, 91765

Who You Gonna Call?

Many times we see things that need attention, but don't know who to contact or which number is best to use. Have you noticed a water leak in the street? A tree leaning on a power line? A vehicle that hasn't moved in too long? Or that your recycle cart has a hole from years of good use? Feel free to keep this list handy for our local resources.

Public Works.....(909) 596-8741	Waste Management.....(909) 599-1274

Water Posters on Display

The City of La Verne participates in a regional group, the Water Education Water Awareness Committee. The Committee administers several water education programs throughout the year, including a water scholarship for high school seniors, water grants for K-12 teachers and a media contest with monetary prizes. Several teachers within the area applied for the EduBucks program this year and thousands of dollars were awarded to complete creative water lessons in our classrooms. Mrs. Reedy's Science class of 8th grade students from Ramona Middle School was one of the winners! Mrs. Reedy asked her students to create visually pleasing posters that described the importance of water conservation. Some of these posters are being displayed at the Water Customer Service and Public Works counters at City Hall. Come check them out, you will be impressed with the creativity, artistic ability AND conservation messages from our middle schoolers in town!
